Two Weeks Industrial Training on “3D designing & Printing”

Name of the Event	Two Weeks Industrial Training on “3D designing & Printing”		
Date	5 th to 16 th June 2023	Time	9.00 AM to 4:30 PM
Target of the Event	21 Batch Students	No. of Audience	Students:17 Faculties:03
Name of the Guest/expert	Team IIC		
Total Expenditure incurred	19000 (Approx.)		
Outcome of the Event	The students were taught about basics and advances of 3D Designing and Printing		

Summary

IIC Cell organized Two Weeks Industrial training on 3D designing and printing as a part of Additive Manufacturing and Reverse Engineering concepts. The students came up with new and unique ideas regarding use of 3D printer and its necessity to industry. The students were given a birds eye view of CREO software for one week in which they designed various parts. In second week, the students were taught how to use 3D printer and handson on 3D Printing process. 17 students registered for the course. 03 faculty members were present at the venue. The event held in the presence of Dr. A.S. Arora, President (IIC) and Dr. Surita Maini, Vice-President (IIC).
