### Call for Student's team

to

### **Design and Install a Solar Tree at IIC SLIET**

Institute Innovation Cell (IIC) is planning to design and install a Solar Tree at IIC with the aim to harness solar energy by using the most efficient model with a layout of all leaves and panels position.

Applications are invited from students of SLIET in the prescribed format to be a part of this prestigious project.

#### Terms and Conditions:

1. Project will be awarded based on scrutiny done by the Institute Innovation Cell (IIC) involving the department experts in the area.
2. **Project Team - 5 to 10 Students (preferably from 1<sup>st</sup> year to Final year, may be from ICD/UG/PG and may be of different branches). Desired composition of the team may comprise 01 student each from Mechanical, Electrical, Instrumentation and Electronics Engineering streams.**
3. The amount required to design and install a Solar Tree will be allotted by the Institute.
4. Sanctioned amount will be utilized strictly for the proposed project. No TA/DA will be paid from the sanctioned amount of the project.

The interested students may apply to be a part of the team to implement the project, by scanning the QR code below. For any query, contact Er. Jasvir Singh Kalsi, (G. Faculty, IIC) or call at +91-88722-56659.

**Last date of Application: 25<sup>th</sup> August 2024.**
